

MD ELEGANTS

Built In Stone. Made For Generations

ABOUT US

At MD Elegants, elegance isn't just in our name it's in every piece we create.

Born from a legacy that dates back to 1980, when we were known as Chamunda Industries, MD Elegants has grown into a trusted name in stone furniture and artistic design. With over 25 years of hands-on experience, our master artisans transform raw stone into stunning creations that blend strength, beauty, and timeless style.

Based in Abu Road, Rajasthan the heart of India's finest stone craftsmanship we draw from a rich heritage to deliver world-class work. From luxury kitchens and home décor to high-end hotels, restaurants, bars, and hospitality spaces, we design pieces that don't just fill spaces they define them.

Every creation at MD Elegants is a statement of precision, passion, and premium quality.

MD Elegants Where Stone Meets Style.

OUR VISION

MD Elegants was built on the vision of two partners Mayank and Deep where different ideas come together to create one powerful direction: excellence in every creation.

Our vision is to redefine modern living by replacing plastic with sustainable stone solutions, especially in kitchens and everyday spaces. We believe in innovation that not only looks premium but also lasts for generations.

Inspired by the timeless stone forts of Rajasthan standing strong even after 500 years we aim to create furniture and décor that can last 100 years or more, with zero compromise in quality. Our goal is to craft pieces so durable and elegant that they can be experienced and used by generations to come.

At MD Elegants, we don't just design for today we build for the future. A future where stone replaces plastic, and quality becomes legacy.
